

March 1, 2022

Dear Shooting Friends,

I am writing this letter to request donations to the 22 Black Powder Cartridge Rifle Association. The 10th annual 22BPCRA National Silhouette Championship will be hosted at the Whittington Center in Raton, NM. July 10 is a designated practice day. The matches will be on July 11-12-13, 2022. Each match day will consist of 60 shots for score and a 180 shot aggregate. The match can accommodate up to 160 shooters and based on past results we expect to be at or near capacity again this year. We have estimated that contestants fired approximately 39000 rounds at our 2021 Championship Match. 22BPCRA shooters love to shoot!

The 22BPCRA is also going to conduct 2022 BPCR International Championship following the 22 Championships. July 14 will be a practice day and July 15-16 will be two 60 shot matches with a 120 shot aggregate. We sponsored this match in 2021 with huge attendance. We calculated about 14700 cast lead bullets and 125 pounds of black powder was used on the silhouettes. BPCR shooters love shooting!

We present awards and have drawings for prizes at the match. Since only class winners receive an award, we work hard to solicit prizes for all the competitors. We have found this promotes the attendance and longevity of the sport. This year we are soliciting for both the .22 Championship and the BPCR International matches. We have contacted a lot of corporate businesses that have donated in the past and have already received a number of items for door prizes. In the past, more than half of the prizes came very graciously from the competitors. This is where you come in. Do you have something that would make a good door prize for another competitor? Do you make something that another shooter would cherish? On behalf of all 22BPCRA and BPCR shooters, I hope you will consider making a prize drawing donation in support of our shooting sport. These matches are **YOUR** matches. I'm asking you to help make them the best matches that any of us can attend.

Attached a list of donations suggestions that might be best suited for the competitors. Donations can pertain to either or both .22 shooting and/or black powder cartridge shooting. Any gift you donate will always be greatly appreciated.

Please send your donation to us at the address below. Or, if you are one of the many competitors who graciously donate, feel free to personally deliver your prize to the score table when you arrive. If possible, send me a note, e-mail, text or call of how many items you plan to bring so we can have a count.

Our Association's 2022 Championship matches promise a fun filled week shooting and comradery at the beautiful Whittington Center. See you there!

Sincerely,  
Windage and Elevation,

Joe & Carol Scott
